

REMARKS/ARGUMENTS

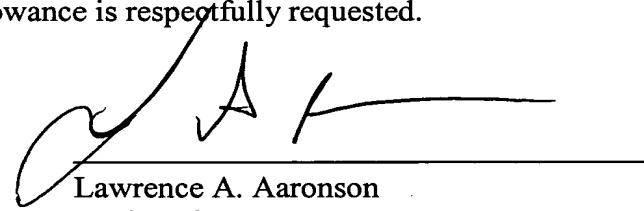

Upon entry of the present amendment, claims 1-25 will remain pending. Claims 1, 12 and 21 will have been amended. The Examiner is respectfully requested to reconsider the Office Action of January 30, 2004 and allow of the claims pending herein.

The Examiner rejected claims 1-25 under 35 U.S.C. § 112, second paragraph, as being indefinite. The Examiner asserted that the terms "site," "site latitude" and "site longitude" are unclear. Applicants respectfully submit that claims 1-24, as amended, are clear and definite.

In particular, while the specification of the instant application refers to a "site" as a NEXRAD radar site (see, paragraphs [0002], [0005], [0011], [0021] and [0026]), Applicants have amended independent claims 1, 12 and 21 to even more clearly indicate that the site is "a radar site location." Accordingly, Applicants request that the Examiner reconsider and withdraw the rejection under 35 U.S.C. § 112, second paragraph.

Applicants submit that each and every claim of the present invention is allowable over the prior art of record. An early Notice of Allowance is respectfully requested.
